**FREQUENT ASKED QUESTIONS - FAQ'S**

**What credit card types do you accept?**

We proudly accept American Express. American Express is our preferred partner, and offers several reward programs for its cardholders. We also accept Visa, MasterCard, and Discover.

**Why do I have to fill out a credit card authorization form?**

We want to prevent the fraudulent use of your credit card. In order to be proactive, we match the billing address and validation/security codes to those on file with your credit card company.

**What are "validation/security codes"?**

These are additional security measures your credit card company has implemented in order to verify that the credit card you are using in this transaction is actually in your control. For Visa, MasterCard, and Discover these 3-digit numbers are located on the back of the credit card, after your credit card number, in the signature line. For American Express, these 4-digit numbers are located on the face of the card, just above the engraved credit card numbers.

**Why do I have to fax identification to you?**

Again, we are trying to prevent the unauthorized use of your credit card. Since we do the vast majority of our business via the internet and telephone, we need to match the signature of your ID with that of the credit card authorization form, and of course, the name on the credit card must also match.

**AUTHORIZATION AND ACCEPTANCE**

By signing below, I acknowledge that I am the cardholder named above. I further acknowledge that some charges may appear separately on my credit card statement, but will not exceed, in total, the amount I am authorizing below. I have reviewed the attached Terms & Conditions related to my purchase and agree to them.
